## Thunder Testimonies

This October, *Thunder in the Holy Land* has been out for one year and the response has surpassed our expectations! Well over half of our *Thunder* DVD stock has already sold and even more exciting, 47 pastors and one layman in 11 Conferences across the NAD have been inserted into *Thunder* as hosts of the series placing nearly 1,200 more sets of *Thunder* in circulation. This has resulted in many encouraging testimonies and positive decisions for Christ. Let me share a few with you:

### Thunder Pastor—Martin Fancher

A retired Baptist man and his wife regularly attend our worship services and have been significant contributors to our church although not interested in becoming members. To thank them for their generosity, I took a DVD set to their home Tuesday evening. I was there for about 45 minutes and left about 9:00 pm.

Pastor Martin Fancher~  
Fort Walton Beach, FL

The next morning I found an email from him that stated he and his wife had decided to watch the first 30 minute episode but had enjoyed it so much they watched one entire 2-hour disc! He wanted to purchase two sets to send to each of his children for their families. I promised to bring him a couple more.

Recently, he sent me another email asking for yet another set. His neighbor is coming over to his house to watch them! He has downloaded all the study guides and is copying them for those he's either sending or showing the DVDs to.

As you can tell he is very excited about showing the *Thunder* series to his family and friends. I can confirm that many members are sharing these

presentations with at least 17 people and I started putting the DVDs in their hands just ONE WEEK ago!

### Kentucky-Tennessee Conference

This past June, three young men were baptized in beautiful Crockett Park's Shoal Creek. All of them had gone through the *Thunder* series and determined to publicly commit their lives to the Lord. One was a young Amish man, Moses Yoder. Here is his happy testimony:

"I started studying with Raymond using *Thunder in the Holy Land*. Watching it brought a lot of things to light for me. Now when I'm asked a question about what I believe I have an answer!

Recently I talked to an Amish man who asked me what I believe. And I was able to explain in a way he seemed to understand! *Thunder* was a great help in my life. THANKS!"

### Thunder Pastor—Jeff Potts

*Thunder in the Holy Land* is helping us reach more people for Christ in the Manitoba-Saskatchewan Conference. This relational evangelistic approach makes the public meetings more effective, and ensures quality new-member nurture

after the meetings are over. The group leaders take good care of the people they have come to love through the weekly group sessions. Our Saskatoon *Thunder* group leaders are really helping people to make decisions for baptism. The *Thunder* DVDs are a valuable tool to place in the hands of committed lay people.

April through June we had 18 functioning *Thunder* study groups with 50-plus pre-Adventists attending. There were three groups with a significant number of pre-Adventist guests.

In September, we held a reaping series and while it was a substantial

commuting commitment, we praise God for the 14 precious people who united with God's Remnant Church by baptism or profession of faith. We are anticipating more baptisms from these groups in the near future.

We have now started 15 more *Thunder* study groups in Winnipeg and Regina with two reaping meetings scheduled for later this year and early 2015.

Man-Sask Conference

## God's Plans are Always Bigger

While we rejoice with the many decisions for Christ, we are realizing that perhaps once again our faith was small. In 2003 when Elder Charles Byrd started filming *In Search of the Truth* he only planned to use it as pre-work to his local evangelism. But God had bigger plans and today it has been broadcast on television and radio stations around the world and rated as one of the most popular programs on 3ABN.

When we began the *Thunder* project in 2010 we deliberately thought big; filming in HD, broadcasting on TV, developing accompanying Lesson Helps, and doing custom host insertion at 3.85% of standard production cost. But it seems God's thoughts were still higher than ours!

To-date we have been approached by individuals desiring to have *Thunder* in other languages: Chinese, several Indian dialects, Latvian, Moldovan, Spanish, Arabic, and Hebrew, as well as to provide English sub-titling for the hearing impaired.

We long to answer these requests, but realize it is impossible with QLP's current resources. We simply do not have the appropriate studio space or functionality for such an undertaking. We are praying that God will open the way for us if this is His will. Perhaps He's doing just that since a professional construction crew recently volunteered their time and expertise to build a new studio, once land and materials are available.

This would not only allow us to extend the reach of *Thunder*; it would also open the door for the production of several new series the Lord has laid on Pastor Byrd's heart. We currently have a series ready for production entitled, *Super Foods of the Bible*. We'd also like to fulfill the request to produce children's programs, a prophecy series, a series for the family, and one that's science based.

We invite you to make these possibilities a part of your prayer time and seriously consider what part God would have you play in making these soul-winning dreams realities.

## You Are Called

The Saviour's commission to the disciples ... includes all believers in Christ to the end of time. It is a fatal mistake to suppose that the work of saving souls depends alone on the ordained minister.... All who receive the life of Christ are ordained to work for the salvation of their fellow men. For this work the church was established, and all who take upon themselves its sacred vows are thereby pledged to be co-workers with Christ. Desire of Ages, 822

## YOU CAN PARTNER WITH QUESTLINE PRODUCTIONS

We want to thank the faithful donors who have continued partnering with us beyond the production phase of *Thunder in the Holy Land* by sustaining the ongoing ministry of QLP. Thank you for considering QLP in your year-end giving. Following are some projects we're working toward:

- QLP Building Project – We have a mission-minded building crew that has offered to build a studio for us when we have acquired a building site and funds for the materials.
- Green Screen studio set
- Closed captioning of the original series in English and Spanish
- Mobile studio
- Future Video Bible Study series:
  - Super Foods of the Bible
  - But God Said...
  - Building Optimal Health
  - The Science of Salvation (kids' curriculum)
  - Prophecies De-coded
