Summer on the Road – Great Stories!

This has been a very travel-filled summer for Karen and I as well as Moses Primo Jr, our *Thunder in the Holy Land* director. We have been on the road over two months! The nice thing about being on the road is that we get to personally meet those whose lives have been transformed by the Holy Spirit through the influence of the *Thunder in the Holy Land* Bible study series.

In fact, just recently while in Oregon, I met a man who spent much of his life on the streets struggling with addictions. But today he is a living testimony to how the Lord can transform lives. God used many things to get his attention and bring him to Christ. Among them were QLP's *In Search of the Truth* and *Thunder in the Holy Land* series. What an honor to meet this individual and to have played a part in blessing him in his journey toward Jesus.

At the ASI Convention in Phoenix, Arizona, we met Wesley & Judy Olson who purchased *Thunder in the Holy Land* at the 2015 Mountain View Campmeeting (see their short video testimony on QuestLine Productions' Facebook page). The couple was excited to share how they are using the series to study with several families and how it is being positively received. They have

also discovered that *Thunder* is not just for reaching non-believers: they are learning new Bible truths themselves, "It is strengthening our own personal walk with the Lord," Judy told us.

While conducting a *Thunder* training seminar at Indiana Campmeeting, Karen and I met a pastor who recently completed his PhD in theology. After being trained in the *Thunder in the Holy Land* Bible study technique, he said this method contains the same information he learned in his doctoral training. "Only the training for *Thunder* is a lot cheaper" he told me. "These are great quality videos that will revolutionize your walk with Jesus."

Another pastor shared with me how he is using *Thunder* to do baptismal studies with his daughter. She loves the Lord and wants to share these Bible studies with others.

It is humbling and inspiring to hear these stories and so many others. God is working, and He is using all of us to hasten His return. We are called to work together in fulfilling the Great Commission – it's thrilling to be used by God.

The Direction of Home

By Lesa Budd

As I sit typing at my computer, a constant barrage of noise can be heard coming from the traffic on Interstate 65 just beside the Kentucky-Tennessee Conference office. I don't always hear it; though it's always there. Sometimes other things take over my senses so the noise gets blocked out.

for QuestLine Productions

But sometimes when I'm longing for home, for those I know and love, the sound becomes synonymous with my tears. Through my office window, I can actually see the flow of noise. The southbound lanes will soon arrive in Nashville. But it's the traffic headed north that I watch. I imagine by the time I get off work some of these travelers will have reached Wisconsin – my home. I find myself wishing I was in one of those vehicles. Then, I remind myself why I'm here – God. God has a plan for my life; at times 'the plan' is difficult. But I've discovered 'the plan' turns out right and not just for me, but for all those I love. My tears dry up, my smile returns. God has a plan!

God's plan is constantly pointing us in the direction of our eternal Home, Heaven. He promises not to stop till we all get there and for that very fact, I am and will be eternally grateful.

How thankful I am that God led me to be a part of the QuestLine Productions ministry. I know we are heading in the direction of Home and together we are pointing others to that same Heavenly highway. Join us in our new, *I Met God* journey and help us lead people from around the world to meet and love God. We'd love to travel together with you. Very soon we won't be longing for Home, we will be there!

Blessings on you, my fellow traveler.

Laboring Together with God

Every worker who follows the example of Christ will be prepared to receive the power that God has promised to His church for the ripening of the earth's harvest. Morning by morning, as the heralds of the gospel kneel before the Lord and renew their vows of consecration to Him, He will grant them the presence of His Spirit, with its reviving, sanctifying power. As they go forth to the day's duties, they have the assurance that the unseen agency of the Holy Spirit enables them to be "laborers together with God."
