A Tilly for Jesus

By Charles Byrd, President

On Sunday, December 26, 2004 an undersea earthquake off the West coast of Sumatra occurred. Registering at 9.3 on the Richter scale, it was the third largest ever recorded. But what followed was far worse, because this quake triggered a tsunami that killed over 230,000 people in 14 countries, inundating coastal communities with waves up to 98 feet high!

But there was one resort in Pukhet, the JW Marriot, where no one died in that Tsunami. Why? Because of a 10 year old girl named Tilly. Just two weeks before, Tilly was sitting in class in Oxshott, Surrey England, and learned what a Tsunami was, including the warning signs.

On that fateful day, Tilly saw the sea begin to boil with foam and the ocean pull back. Based on the signs, she told her parents a Tsunami was coming. While at first they didn't take her seriously, when she hysterically added the magic words, "a tidal wave!" her warning spread like wildfire. The beach was swiftly evacuated mere seconds before the devastating wave struck. It turned out to be one of the only coastal places where there were no casualties.

Friends, that tsunami is nothing compared to the devastating quake prophesied in Revelation 16:17, 18. The coming earthquake will have a magnitude beyond measuring capability. The pen of inspiration foreshadows this calamity in these words:

"The whole earth heaves and swells like the waves of the sea. Its surface is breaking up. Its very foundations seem to be giving way. Mountain chains are sinking. Inhabited islands disappear." *The Great Controversy*, 636

Here's the point: everything we are working for, homes, businesses, and careers are going to be wiped out. You see, Jesus saves, but He saves people, not

stuff, which brings us to the Great Commission of Jesus Christ:

"And this gospel of the kingdom shall be preached in all the world for a witness unto all nations; and then shall the end come." Matthew 24:14

Each of us is called to be a witness, to be a Tilly, giving the world God's last-day warning message. There are no exceptions. It doesn't matter how old or young, seasoned or inexperienced; we have the Truth that can save a lost and dying world.

Tilly Smith

This Commission is given to everyone who is accepting the salvation of Jesus and daily giving their hearts to Him. If we are being saved, then we are called to be a witness. According to Jesus in Luke 11:23 and Matthew 7:19 this is actually part of our salvation process. Sure it will cost our time, money, prayers, and energy. But this is how we come to experience joy, happiness, and growth in grace. These blessings come when we deliberately share our faith.

If we die to self and live for Jesus, if we let Him *will* in us and *do* in us His good pleasure, there will be many more souls in the kingdom.

"Herein is my Father glorified, [Jesus said] that ye bear much fruit; so shall ye be my disciples." John 15:8

It's time to be a Tilly - for Jesus!

 the weakest human agent who
 is charged with His Spirit."

Evangelism, 558

God is Moving & We're Trying to Keep Up

By Karen Byrd

Here at QuestLine Productions we truly believe that God is the Producer and Inspiration for *Thunder in the Holy Land* and as such it has certainly turned out to be a God-sized project. So it should be no surprise then that He has also created a growing momentum of demand for this exciting new Bible study.

What we're learning is, that where God guides, He provides! In our last newsletter the financial graph indicated that we needed \$68,000 to complete the production phase of *Thunder*. God has provided those funds, including helping us meet the \$25,000 challenge grant, and we have noted with great appreciation how He used many of you to accomplish this goal. We praise God for this and are happy to report that production is moving forward. Today, 19 programs have been completed leaving just seven more to finish editing by the end of March.

With the initial production soon to be complete God is already propelling us toward the next phase—Pastor Insertion. To date, we have over 60 pastors in two Conferences who want to be *Thunder* hosts, and now a third conference has asked us to present *Thunder* to their pastors in June.

To serve the hundreds, if not thousands of pastors around North America, infrastructure will be needed,

including equipment, personnel, and studio space (see graph). Of course this need drives us to our knees. As we've prayed God has been revealing to us people and technology that can make this a reality.

He has inspired our QLP President with a business plan where the pastors' insertion into the series can be self-sustaining once the infrastructure is in place.

We are preparing a proposal for the Kentucky-Tennessee Conference about the possibility of using the vacant building beside the Conference Office, turning it into *two* studios with overnight accommodations for pastors. Plans have been drawn up and the estimated cost of construction and equipping the new studios is \$209,000. This would double the number of pastors we can insert into *Thunder* each month.

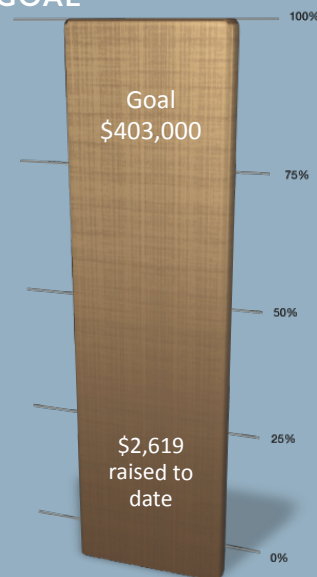

If the pastors keep signing up at the current rate even this dual studio will not be adequate. We believe we also need a mobile studio that can travel to other Conferences to service their pastors. The Southern Regional ASI association has also caught that vision and has made this mobile studio one of their recipients for the upcoming April 13 offering.

We covet your prayers and support as we seek to keep pace with the doors of opportunity God is opening and leading us through.

Karen Byrd is Vice President & Director of Development for QuestLine Productions

PASTOR INSERTION PHASE FINANCIAL GOAL

Please consider helping QLP equip hundreds of pastors to launch thousands of lay-led Bible studies. You may send your tax deductible contributions* to the address below or online at our website, www.QLP.tv.

*Scripture teaches that tithe is to be brought to God's "storehouse." QuestLine Productions believes the Seventh-day Adventist Church functions as that storehouse distributing funds to the worldwide field systematically. While we welcome your offerings, we encourage you to keep the tithe sacred to God's ordained purpose.
