# NOW! Propelled to!

BEHOLD, NOW IS THE ACCEPTED TIME:  
BEHOLD, NOW IS THE DAY OF  
SALVATION. 2 COR 6:2

The apostle Paul was adamant. It's time *now!* Not tomorrow. Not after this goal is reached or that achievement has been accomplished. It's *now* time to wake up!

"Now it is high time to awake out of sleep: for now our salvation is nearer than when we believed." Rom 13:11

As a young missionary to China, Hudson Taylor was strident in sharing the gospel NOW. After hearing just one of Hudson's sermons, a Mr. Ni stood up, and looking around the audience said with simple directness, "I have sought the truth, but without finding it. I have traveled far and near, but never searched it out. In Confucianism, Buddhism, Taoism, I have found no rest. But I do find rest

in what we have heard tonight. Henceforth I am a believer in Jesus."

One cannot be truly saved without desiring to share the good news of God's redeeming love with others. And so it was with Mr. Ni. Quickly he learned the joy of becoming a soul winner.

One day while talking with his missionary friend, Mr. Ni asked, "How long have you had the glad tidings in your country?"

"Some hundreds of years," was the reply.

"**What! Hundreds of years?**"

"My father sought the truth," he continued sadly, "and died without

finding it. **Oh, why did you not come sooner?**"

Jesus is calling each one of us to share His passion to *seek* and *save* the lost (Luk 19:10).

Today, NOW, some are choosing to follow God's direction to take the Gospel, the Three Angels' Messages to the world.

That's why a lady in her mid 90's committed (without being asked) to give \$1,000 a month until she passes to help propel QLP's God-sized project forward.

That's what spurred Dave Rohde to spend several months on-sight helping us get the new

QLP studio ready for the *I Met God* project, a video Bible study for the languages of the world.

And that's why hundreds more have donated of their means, time, skill, and prayers.

And what has all that accomplished? Check out the rest of this newsletter to find out! And remember, NOW is the time to finish the Great Commission. Let's not keep the masses waiting and hungering!

# WHITE HORSE RIDES THUNDER

Many of you are familiar with Steve Wohlberg and White Horse Media Ministry and the exceptional work they're doing. To expand the gospel they wanted to start a worldwide online video Bible school. Steve and his Bible school director, Rob Knott, were excited to discover they could be inserted into *Thunder in the Holy Land* using this powerful video series to launch their new Bible school.

While Charles was speaking at the Christmas Valley Campmeeting in Oregon we were able to get this exciting update. So far

- 2,568 students have enrolled from 112 countries.
- 58 have completed the series.
- 21 have been directed to local churches.

White Horse Media has their own studio. So why use *Thunder* for their new online school?

Aside from the ridiculously low cost Rob said, "For me personally, I enjoy the interchange between the three young reporters who are inspired to lead people to understand the importance of truth found in the scriptures. The many places they

actually visit in real time makes the Bible come alive as we can relate to the actual places where these Bible stories took place. In my experience, as the Bible school director, I have seen how these lessons have encouraged so many students who are on a quest for truth. I believe *Thunder in the Holy Land* will become, for many, the place where the Holy Spirit led them to a clearer understanding of truth."

PASTOR JASON VYHMEISTER

Our Most Recent Inserted Host of  
*Thunder in the Holy Land*

## NEW STUDIO FIRST USE

We are excited to introduce you to the newest (and our 105<sup>th</sup>) inserted host of *Thunder in the Holy Land*, Pastor Jason Vyhmeister. Pastor Jason also gained the unique ranking of being the first person to be filmed in the brand new QLP studio, located near Cleveland, TN.

Pastor Jason, lead pastor of the Apison SDA Church in Tennessee, wanted to be filmed in order to use the *Thunder* series as follow-up for his church's recent hosting of Messiah's Mansion (a full scale model of the Sanctuary built by Moses in Bible times). At the end of the tour, participants were invited to sign-up for *Thunder in the Holy Land* small group studies and many did so.

Teams were formed with enthusiastic church members leading out as small group leaders. Several guests are still attending in three separate groups. Two

of those groups are meeting twice a week and the third meets once a week.

In addition, many other church members are looking forward to starting a *Thunder in the Holy Land* small group Bible study with their own pastor as the host.

Church leadership has committed to conducting a relaunch where all church members will be encouraged to invite their friends and family to go through the *Thunder* studies with them.

Now, the Apison Church is experiencing the energy that so many other churches have experienced when their local pastor becomes a *Thunder* host.

# FULL CIRCLE

There is a very important reason QuestLine Productions exists. That is to proclaim the good news of a living, all-powerful, life-changing God who can and does, actually and in fact, change lives. In 2003 we produced *In Search of the Truth* that premiered on the HOPE Channel during the 2005 General Conference session and subsequently on 3ABN. This 13-episode series has called attention to many of the simple truths in God's word that have been lost sight of, even within Christendom.

David Roberts, raised Presbyterian, was not satisfied with the doctrinal stance of his denomination. "They weren't matching what I was reading in my Bible," he said. "I was asking questions and not getting satisfactory

answers." It was then that he found 3ABN and came across *In Search of the Truth*. This series made a deep impression with its simplicity and direct teaching from the word of God.

Fast forward to last week. David was on the property helping Charles dig trenching for the fiber optic cable that will help service the ministry of QuestLine Productions and the new *I MET GOD* project - a video Bible study to be produced in multiple languages of the World.

David is also working on a project of his own, to promote the Mosaic Sanctuary in an immersive way online. But that didn't stop him from traveling three hours (one way), renting the trencher, and working through the heat

of the day with Charles. "We've been friends a long time" David said. "You just didn't know it yet!"

That's God's love and blessings coming full circle. If you've been encouraged by the ministry of QLP and their Bible study resources like *In Search of the Truth* or *Thunder in the Holy Land*, and would like to support the *I MET GOD* Bible study series, please visit us at
